Dear Parent,

This letter is to inform you of a slight increase in tuition in the fall 2022–23 school year. We understand that these are difficult times for many in our school community, and we will continue making every effort to work with those who are experiencing extenuating financial circumstances.

The cost of living continues to increase every year, which in our area is at the rate of approximately 3%. Minimum wage continues to increase, with the latest round in LA County scheduled for July 2022.

The school board has reviewed our financial position, factored in those of our school families, as well as cross-referenced tuition rates of other like-minded faith-based schools. In our research, we have found that a 5% increase in tuition year-over-year is both fair and industry standard. Moreover, we have found that our tuition is substantially lower than other faith-based schools in our area—in some cases, as much as 25–30% lower. All that to say that the overall impact on your monthly tuition payments will be kept to a minimum.

You'll also find attached with this letter our next year's tuition fee schedule so you can see the monthly impact of the increase and if necessary, plan accordingly.

Thank you for continuing to partner with us in your child(ren)'s education, and for your fellowship in the gospel.
